

User Walkthrough

Welcome to Vehicle Emporium! Our site is hosted at:

<http://csc360.ok.ubc.ca/54338165/the-project-dailyengineers/src/client/index.php>

Our admin account credentials:

username: admin

password: admin

Regular user account credentials:

username: customer

password: customer

Instructions

1. Go to "Login/Signup" at the top-right of the page.
2. Press "Create Account."
3. Fill in data to create a new account:
 - username: testuser
 - email: test@test.com
 - first name: test
 - last name: user
 - password: testpass
 - confirm: testpass
4. You should now be at login.
5. Enter credentials:
 - username: testuser
 - password: testpass
6. Navigate to the search bar and press magnifying glass to see products
7. In the side bar, enter the fields:
 - Make = Tesla
 - Model = Model S

8. Press "Find Products" at the bottom of the sidebar.
9. Click on the vehicle image to learn more and see product listing.
10. Go to the "Quantity" dropdown and select 7, then press "Add to Cart".
11. Go to the search bar and search for "lambo".
12. Click the "Add to Cart" button, right on the search page.
13. In the top-right, click "Cart".
14. Proceed to checkout.
15. Fill in checkout and submit order.
16. Go to your user account page (the top-right button "testuser") and press order history. Now you can see your order!
17. Go back to the account page.
18. On the user account page, press "Edit Profile".
19. Change your credentials:
 - email: [leave it alone]
 - password: pass!
 - confirm: pass!
 - first name: Peter
 - last name: Parker
20. Press "Save Changes"
21. Now go to the top-right of the page and press "Logout". You should be at the home page.
22. Press again the "Login/Signup" button.
23. Enter admin credentials
 - username: admin

- password: admin

24. At the top-right of the page, press "Admin".

25. DO NOT PRESS "Reset Database"! (even though it's large and inviting)

- It will restore the database to our original dummy data (hence wipe out the user account you just created)

26. In the search bar under "Manage Users", search for "testuser".

27. Above testuser's info, press "Enable/Disable".

28. Logout

29. Return to login and attempt to login with your old credentials:

- username: testuser
- password: testpass

30. Your account has been disabled!

31. In the footer, explore the various links available
